## Heavy Rains Close 3 County Highways; Streams Overflow Banks; Many Cellars Flooded

Three Adams county highways were closed to traffic by high waters today, creeks ran over their banks, and hundreds of fields were turned into small lakes as a deluge of rain and electrical storms lashed the county.

In Gettysburg, numerous cellars were flooded, and storm sewers in some sections overflowed. A manhole cover was forced off on Fourth street.

At 11:30 today nearly four inches of rain had fallen since 7:30 o'clock Monday night. High winds blew during the night and early morning, and this morning thunder and lightning, the first since a January electrical storm, swept parts of the county.

The rain stopped shortly before noon, but resumed a few minutes after 12 o'clock.

## Marsh Creek Overflows

Legislative Route 01026, known as the Water Works road, was closed to traffic this morning when Marsh creek overflowed its banks at the dam below the municipal water works. Two other legislative routes, 01005 and 01048, were also closed when Conewago creek went over its banks and flooded the highway at the intersection of these roads near Conewago chapel.

The Conewago raged in a muddy torrent through The Narrows, near Arendtsville, and below the town, on the Arendtsville-Bigerville road, spread out and inundated fields over a wide area. The Arendtsville baseball park was completely under water. The road, however, remained open.

A branch of Rock creek on the Harrisburg road north of Weaver's restaurant was over its banks and water covered part of the highway. Two feet of water was reported in the underpass at Rose Gardens, nearer Harrisburg.

## Golf Course Flooded

Other creeks were bank-full or out of bounds and flooding farm lands. Willoughby run flooded part of the golf course at the Gettysburg Country club, and water was nearly up to a house just west of the club.

Utility companies reported little trouble. The Metropolitan Edison company said lightning knocked out power lines in Buchanan Valley this morning but that service was restored. High water in Rock creek east of Gettysburg almost surrounded the Metropolitan Edison company's transformer station, and dislodged several poles piled on the ground. One large pole was carried more than 100 feet against a row of trees. It was the first time since December, 1948, that water has been this high at the transformer station, Richard E. Dreas, local manager, said.

John Caldwell, local manager of the United Telephone company, said his company experienced trouble with a few "wet loops" and said some trunk lines between Gettysburg, and New Oxford, Carlisle and Chambersburg were out of service temporarily. The latter trouble was laid to lightning blowing fuses.

John H. Long, manager of the water works, said high water in Marsh creek had not affected the water works, but that the chlorine treatment was being stepped up.

The township road between Harrisburg and Bigerville roads at Twin Bridges was covered by about two feet of water as the Conewago spread out over its banks.

At Arendtsville, the fruit laboratory reported 2.86 inches of rain. Frank N. Hewett, the observer there, said that 2.16 inches had fallen by 8 o'clock this morning and that seven-tenths of an inch fell between 8 and 11 o'clock this morning.

## USW TO MEET

The Sgt. William M. Steffy Camp No. 126, United Spanish War Veterans, and its auxiliary will meet Thursday evening at 8 o'clock at the post home of the Veterans of Foreign Wars on Carlisle street for their regular March meetings.

## Good Neighbor Policy Praised!

Some day this month, a neighbor will knock at your door. That will be your opportunity to give help to the helpless, hope to the hopeless . . . a wonderful boost to humanity everywhere . . . through your Red Cross!

Answer your neighbor's call from the bottom of your heart. Give generously!

### 15 Countians Lose Operator's Licenses

The operator's licenses of 15 Adams countians were suspended by the state in the period from February 4 to 15, according to information received by Burgess William G. Weaver. One license was revoked for driving while intoxicated and without consent of the owner.

Nine of the suspensions were for speeding, in five of which no defense was submitted. Two were for driving during suspension, two for reckless driving, and one each for failing to appear for a hearing and involvement in a fatal accident.

### RICHARD DREAS IS ELECTED HEAD OF ROTARY CLUB

RICHARD E. DREAS

Richard E. Dreas, manager of the local Metropolitan Edison company, was elected president of the Gettysburg Rotary club Monday night.

Walter B. Lane, York street photographer, was named vice president, a post which normally leads to the presidency in the following year. Dr. Frederick Tilberg was re-elected secretary and J. Calvin Shank, treasurer. Stanley Hull was named sergeant at arms.

The new officers were chosen by a board of directors elected at Monday night's meeting of Rotary at the YWCA. They will take office in July. The directors are: Dreas, Lane, John Teeter, John Hostetter and Rev. Dr. Harold Dunkelberger. Dr. Bruce N. Wolff, retiring president of Rotary, automatically became a member of the new board.

#### Dr. Stokes Speaks

M. C. Jones, Attorney Franklin (Please Turn to Page 8)

Because of the rain, he went to the church, located across the street from his home, about 20 minutes before noon today, to remove water seeping into the basement. He had planned to use a bucket to bail out the water.

At noon, when his son, Stewart Hoffman, arrived home for lunch, he went to the church to call his father. Receiving no answer he went to the basement and found his father's body lying in about an inch of water near the coal pile.

Surviving are the son, Stewart, an employee at Krouse Foods, Peach Glen, and a number of brothers.

Funeral arrangements are incomplete.

### MISS M'MILLAN NEW REGENT FOR CHAPTER OF DAC

Miss Margaret McMillan was elected regent of the Manor of Masks chapter of the Daughters of the American Colonists at the March meeting of the chapter Monday evening at the Gettysburg Country club. Fourteen members attended with the retiring regent, Mrs. Victor Dutta, presiding.

The other officers selected, all for three-year terms, follow: Vice regent, Mrs. G. W. Lefever; chaplain, Mrs. Roy E. Zinn; recording secretary, Miss Sue Ella Harper; corresponding secretary, Mrs. Dutta; treasurer, Mrs. George Ditchburn; registrar, Mrs. J. Kermit Hereter, and historian, Miss Elsie Eisenhart.

The meeting was opened with prayer by the chaplain, Mrs. Fred Troxell, and after the pledge of allegiance and the singing of the "Star Spangled Banner" minutes of the last meeting were read by Mrs. George H. Thrush, Jr. Mrs. Lefever gave the treasurer's report.

Annual reports were given by the chapter officers and committee chairmen, including a detailed history of the Manor of Masks chapter by the retiring historian, Miss McMillan. It was announced that five new members were added in the last year.

A social hour followed the meeting when refreshments were served by these hostesses: Mrs. Lefever, chairman; Mrs. Hereter, Miss Alice Black, Mrs. Roy Zinn and Miss Anna Cairns. After adjournment, it was raining.

The planning committee was authorized to have a survey made.

### JOINT SCHOOL BOARD FAVORS PLACING SIGNS FOR BUS STOPS

The executive committee of the Gettysburg joint school board, meeting Monday night at the local high school, voted seven to four, with one abstaining, in favor of placing school bus signs on all state maintained highways covered by the school bus routes.

The various boards were then asked to survey their routes to determine the number of stop signs they will need. Those reports, to be presented at the April meeting, will be the basis for securing bids for the signs needed.

The decision came after more than an hour of discussion as the joint board committee members threshed over once again the many arguments against placing the signs which have been advanced by school directors since the bus stop sign law was passed three years ago by the state Legislature.

## Directors Are Skeptical

One of the board members said: "There are two questions here, compliance with the law and compliance with the budget."

In the long and sometimes loud debate on the question of where to place school bus signs, which included two readings of the law pertaining to the signs, a number of board members again expressed the fear that forcing youngsters to walk along roads for some distance to the school bus stop will lead eventually to "death or injury for some child." There were expressions of opinion that putting up the signs will lead to expenditure of several thousand dollars for "no practical purpose whatsoever."

The possibility of placing the signs only on main highways, advocated by some board members, led others to argue that "the bus drivers then wouldn't stop anywhere else, and they shouldn't. If they do they can be fined or put in jail."

## Addition Plans Stymied

Progress on plans for the new addition to the high school are stymied for the moment pending approval or disapproval by the state department of public instruction, Superintendent Dr. Lloyd C. Keefauver told the joint committee.

Describing the report that had to be sent to Harrisburg accompanying the plans, Doctor Keefauver said he had entered an estimate that there will be 1,450 students in the high school by 1960, as asked by the state department. That figure, he asked, is based upon expansion over the past several years.

"The state," he said, "wanted to know exactly what we have, the size of the rooms, floor space, and what we plan. It took a week to dig up all the details they want. Next they will tell us just exactly what we can do in regard to building the new addition to the high school. They seemed pleased with plans to turn the present auditorium into a library, but just what changes they will make in the other plans I don't know. However, we can't do anything further until we get word from the state as to what we can do."

The planning committee was authorized to have a survey made.

### THOMAS TAWNEY RETIRES AFTER LONG SERVICE

Thomas McKinney Tawney, West Middle street, ended 30 years as a deliveryman for the Gettysburg Ice and Storage company Monday afternoon and a celebration was held in his honor in the office of the plant. He is retiring to enter other business.

A social hour followed the meeting when refreshments were served by these hostesses: Mrs. Lefever, chairman; Mrs. Hereter, Miss Alice Black, Mrs. Roy Zinn and Miss Anna Cairns. After adjournment, it was raining.

The planning committee was authorized to have a survey made.

Thomas McKinney Tawney, West Middle street, ended 30 years as a deliveryman for the Gettysburg Ice and Storage company. The name is scheduled for approval at a meeting of the board of directors tonight. The watch was inscribed, "To Tom in appreciation of faithful and loyal service, Gettysburg Dairy."

Presentation of the watch was made by John Crow, general manager of the company, and Hugh M. Huston, sales manager.

A huge cake with a similar inscription was cut by Mr. Tawney at the party held for him by the employees of the plant.

Cites Many Changes

Recalling the 30 years during which he worked seven days a week, 365 days a year, with only one half-day off, the retiring deliveryman said, "there have been a great many number of changes since I started out as a helper on a Model T truck 30 years ago. Then we had a large business in ice, and we'd frequently carry 2,000 to 2,500 pounds of ice on a trip. But as the ice business fell off, with more and more people replacing ice boxes with refrigerators, the milk and ice cream business went ahead faster than the ice business fell off."

He described traveling 50 miles a day on his route, adding "there were only two or three times that I couldn't get through because of drifted snow. And the route kept expanding all the time. Now there are 250 on the route." His daily trip included delivery of milk, ice and ice cream.

### Organ Fund Zoms To \$724

A \$100 contribution from a donor who wishes to remain anonymous and additional donations of \$83 raised the total subscribed to the Organ Fund of the AME Zion church to \$724 during the past 24 hours.

The total of \$183 donated since Monday noon was the largest amount subscribed in a single day and gives added hope to the sponsors that the goal of approximately \$1,200 will be realized. A little more than \$400 is needed to secure the type of pipe organ the local church would like to have.

New donors, in addition to the \$100 anonymous gift, include:

Trinity-Bender's Evangelical and Reformed church, \$21; Men's Bible class, Gettysburg Presbyterian church; Volunteer Sunday School class, St. Paul's Lutheran church, Bigerville, Mary Himes, treasurer; Mrs. J. E. Muselman, Gettysburg, each \$10; Frank W. Murray, Clyde Williams and son, Gettysburg; Verna Kitzmiller and Martha Lentz, Gettysburg, each \$5; Chi Omega Alumnae, Julia Peters, treasurer, \$3; a friend and Mrs. Milton Remmel, Gettysburg, each \$2.

Checks are to be made payable to Organ Fund, AME Zion church, and may be sent to The Gettysburg Times or radio station WGEC, Lawrence E. Oyler.

## Ruling Cuba

A revolutionary movement led by former President Fulgencio Batista broke out in Cuba early on Monday. Batista was Cuba's strong man from 1933 to 1944, and was a declared candidate in the presidential elections scheduled for next June. He had the support of the Army in the revolt.

Funeral services and military rites for Second Lt. Comer Levi Altland, 25, who was killed in action last November 6 in Mago R-1, North Korea, will be held Friday afternoon at 2 o'clock at the Bender funeral home conducted by the Rev. Dr. Ralph R. Gresh, pastor of St. James Lutheran church, and Dr. Henry W. A. Hanson, president of Gettysburg college. Interment will be in the National cemetery.

The body of Lt. Altland is scheduled to arrive in Thurmont, Md., this evening.

Lt. Altland was born in Manchester, Pa., November 25, 1925, a son of Mr. and Mrs. Leon P. Altland, 907 South Queen street, York, formerly of Gettysburg. He resided in Gettysburg for about 12 years and graduated from Gettysburg high school with the class of 1943. On July 14, 1943, he enlisted in the navy and served two years and 10 months in World War II, part of the time aboard the USS "Zanith" in the Pacific. He was discharged May 12, 1946, with the rating of radar technician second class.

The decision came after more than an hour of discussion as the joint board committee members threshed over once again the many arguments against placing the signs which have been advanced by school directors since the bus stop sign law was passed three years ago by the state Legislature.

# 12 MOTORISTS ARE ARRESTED OVER WEEK-END

State and borough police were active over the week-end against traffic law violators, filing charges against 12 motorists with the two local justices of the peace. Borough police also issued a large number of "tickets" for parking meter violations.

Ten-day notices will be sent by Justice of the Peace John H. Basehore to Ralph E. Lambert, Baltimore; Lloyd Clinton Stotler, Hagerstown, and William R. Perschau, Pittstown, Pa., on overweight charges.

These truck drivers paid or forfeited fines to Squire Basehore on arrests Sunday for overweights: Lee Bobby Horton, Siler City, N.C., \$25; Norman Ross Smith, Wilmington, N.C., \$25, and Art Mann, Hamilton, Ont., \$50.

Stanley Cook Norton, Rochester, N.Y., and Vernon Cottrell Parham, Oxford, N.C., were each fined \$10 and costs on charges of passing other vehicles on curves.

## Others Arrested

Borough police arrests were for double parking, illegal use of horn, reckless driving and passing at an intersection.

John Phillip DeHaas, 41, Steinwehr avenue, was charged before Justice of the Peace Robert P. Snyder with passing several cars in Lincoln Square at a high rate of speed and driving between 40 and 45 miles an hour on Baltimore street Saturday night. A ten-day notice will be sent on a reckless driving charge.

James A. Brenner, 234 Centennial avenue, Hanover, will receive a ten-day notice from Squire Snyder for passing another car at the intersection of Carlisle and Water streets.

Merle E. Winand, Hanover R. 3, will get a ten-day notice from Squire Snyder for double parking and Cyril W. Althoff, Gettysburg R. 1, a ten-day notice from the same squire for illegal use of his horn.

## PLAN TO SHOW SPECIAL FILMS

A series of one-day showings of English, Italian and French films covering the fields of ballet, opera, drama, music, art and history, will open Thursday at the Strand theater.

The first will be the film version of Verdi's opera, "La Traviata,"

"The Lost One," produced in Rome,

with Nelly Corradi and Geno Matarra in the dramatic roles and

Onella Pineschi and Tito Gobbi singing the arias. The settings are of 19th century Paris.

Included in the series are five other films, the French motion picture "Symphonic Pastoral," W. Somerset Maugham's "Quartet," by the producer of "Hamlet," and "The Red Shoes," by J. Arthur Rank; "The Baker's Wife," starring the French comedian Raimu; "The Tight Little Isle," also a J. Arthur Rank production, and in conclusion, another Verdi opera, "Rigoletto," with the Royal Opera House of Rome orchestra.

These films will be shown at the Strand each succeeding Thursday afternoon and evening with the exception of Holy Week. Matinees will be at 2 o'clock and evening showings at 7 and 9 o'clock. Regular admission will be charged.

hillbilly number with Grace E. Myers as "Daisy Mae." Donald M. Swope as "Little Abner" and Lions and their wives forming a chorus of mountain folk that were best singing "Don" What Comes Naturally."

Old minstrel tunes and currently popular favorites mixed with a generous number of jokes, old and new, brought the show to a rousing finish under John Stahle as interlocutor and these endmen: John Millard, Carl Menchey, Percy Miller, George Albee, D. E. Hess and Edward J. Nowicki. There were solos by all of the endmen and these others: John Kendlehart, Robert Deardorff and Dr. Bartholomew, all of whom were in the minstrel circle of 25 Lions.

The minstrel show reached a high point with Ed Nowicki's singing of "Louisville Lou" when Fred G. Pfeffer, minstrel director, appeared among the minstrel chorus as "Lou" and remained there for the final number, "Down Yonder," by Percy Miller.

The Iron Industry: At Dover, Delaware, on March 13th, a charter was granted by the Secretary of State to the National Iron Company of Gettysburg, Pa., to manufacture merchant iron and steel from scrap. The capital stock is \$125,000 and the bonds, \$75,000, total \$200,000. The incorporators are Philadelphia and Gettysburg parties.

The plant will be located at the junction of the Western Maryland and Reading railroads—west of the P. and R. engine house—on lands purchased from Calvin Gilbert, the plot to contain about four acres.

The company will employ about 150 men, the greater portion of whom will be skilled mechanics. The wages paid will be from 11 to 50 cents per hour.

Gettysburg is to be congratulated on securing this industry. . . .

## Today's Talk

By GEORGE MATTHEW ADAMS  
GOOD GOVERNMENT

In a free land every citizen has his responsibility to perform if he desires good government. As Abraham Lincoln put it: "Government of the people, by the people, and for the people." No one is to be left out if it's a free government. But this kind of a government must have its alert watchers all the time.

Government, first of all, belongs to the people, not they to the government. A stock owner in a corporation is concerned with how that organization is run and keeps an eye upon all its workings. If irregularities or crookedness is evidenced, that stock owner does something about it—and that pronto! We as stockholder citizens in our government should be just as concerned. We can't have good government when we pay no attention to how it is run.

No government can ever be perfect, but it can be kept honest. If the people's representatives, elected by them, do not perform honestly they can be voted out, and they always should, regardless of any party affiliation. Nothing in a free government is so important as the privilege of the ballot. Those who do not faithfully use it do not deserve good government. Always register, and vote at any election, or forever hold your tongue in criticism, should the procedure.

The moral and spiritual fibre of a nation begins its deterioration the moment a citizen neglects his duty to government. Nothing is more sacred in a democracy than the free privilege of the ballot. All of us suffer humiliation when an elected representative of ours violates his oath of office, or turns to selfish personal gain. William E. Gladstone, the great English statesman, once said: "It is the duty of government to make it easy for the people to do right and difficult to do wrong."

We are witnessing these days too many instances where Government has been making it too easy for some to do wrong? The corrective process still remains with the individual voter. It's his government and he should take pride in the fact.

Tomorrow Mr. Adams will talk on the subject: "Understanding."

EARNING POWER  
My boy, no meter will display  
Your earning power from day to  
day.No company that you can choose  
Can furnish you with power to use  
And regularly send a bill  
Each month for so much strength  
of will.The earning power that you require  
Won't come to you by pipe or wire  
As water, gas and current flow.  
You are the only dynamoThat can provide the force you'll  
need  
In your ambition to succeed.Within yourself, your heart and  
mind,  
Your earning power you'll have to  
find.It is a blend of faith and skill,  
Courage, tenacity of will,  
And for the kind of work you do  
Your earnings will be paid to you

The third nation-wide drive asking Americans to contribute vegetable seeds for distribution throughout the Philippine Islands has been launched by the Committee for Free Asia.

Alan Valentine, committee president, announced the drive will continue through June 3, with a goal of "at least one million individual packets of vegetable seeds."

The SEEDS FOR DEMOCRACY drive, Valentine explained, is intended to help Filipinos ease a continuing inadequacy in food production and at the same time help to stiffen Philippine resistance to communism.

Sixteen varieties of vegetable seeds are sought. They are: Green string beans, Chinese cabbage, green pepper, peas, mustard, egg plant, collards, cucumber, carrots, turnips, watermelon, kohlrabi, loose leaf lettuce, tomatoes, spinach and radish.

Seed packets may be mailed in any container which meets U.S. postal regulations for domestic mail and may be addressed simply: SEEDS FOR DEMOCRACY, San Francisco, California.

The committee will receive the seed packets," Valentine said, "and will re-ship them to Manila. There the seeds will be distributed under careful supervision and free of any charge to Filipino farmers and children for school and family gardens."

Bishop Henry Knox Sherrill, president of the National Council of the Churches of Christ in the U.S.A. and presiding bishop of the Protestant Episcopal church, has a prayer for world refugees. It will be read in churches of 20 Protestant denominations all over America on Sunday, March 16, in connection with the opening of their "One Great Hour of Sharing" United Appeal for overseas relief and reconstruction. The prayer follows:

"Almighty God, Whose compassion fail not and Whose loving kindness reacheth unto the world's end: we ask that Thy blessing may rest upon the millions of our brethren in other lands who, through no fault of their own, are in dire need. Grant them the help and comfort of Thy Presence, the simple gifts of food, clothing and shelter, the greater gifts of freedom and of opportunity. We thank Thee for all Thy goodness to us as a nation and as a people. Help us to use these blessings in the service of others. Touch our hearts that we may gladly share with those in want to the glory of Thy Name, through Jesus Christ."

PA. DEMOCRATS  
CHOOSE TRUMAN

Philadelphia, March 11 (P)—Should President Truman decide to run again for the Democratic presidential nomination he can count on strong support from the Pennsylvania convention delegation.

Gov. Adlai Stevenson of Illinois currently is rated ahead of Sen. Estes Kefauver of Tennessee, according to delegates who expressed their views in an Associated Press poll.

The statewide poll today, six weeks before Pennsylvania's April 22 primary, shows 21 convention votes definitely set for Mr. Truman—if he is a candidate.

Pennsylvania has 70 convention votes. Twenty delegates-at-large already have been selected by the Democratic state committee. Each has a half vote. Another 32 delegates are unopposed at the primary and can be regarded as elected, although any of them could be defeated by a write-in vote. There are primary contests in only 14 of the state's 30 congressional districts with 48 men and women seeking the 28 convention seats.

The AP poll reached 11 of the 20 at-large delegates, 26 of the 32 unopposed and 42 of the 48 who are opposed—a total of 79. Here's how they say they would vote on the first ballot: Truman 48, Stevenson 7, Kefauver 2, "favorite son" 1, undecided 20. This includes the votes of six at-large and 18 unopposed district candidates who said they are for Truman, and will cast 21 votes at the convention.

MEN'S CHORUS  
ON TV PROGRAM  
SUNDAY NIGHT

The Littlestown Men's chorus was the ninth competing act on the television program "Reward for Talent" over station WAAM-TV, Baltimore, channel 13, on Sunday evening. The appearance was made for the benefit of the Littlestown high school band uniform fund and the Men's chorus. Approximately 25 members of the chorus, under the direction of L. Robert Snyder, presented the selection "Battle Hymn of the Republic." Prior to the presentation, Paul A. Harner, director of the high school band, who accompanied the group, was interviewed by Al Wiener, the program master of ceremonies. "Reward for Talent" is a competitive amateur show and begins with a series of 13 programs from which will be chosen a number of competing acts for the semifinal telecast with one group to be selected for the final competition.

The prizes for the final winners will be \$1,000 first, \$200 second, and \$100 third. The winners will be chosen by three judges and the public. Voting is done by sending a postal card to "Reward for Talent," WAAM-TV, Baltimore 11, Md., and stating the number of the act of your choice along with your name and address. Votes for the Sunday evening show must be postmarked not later than midnight tonight. It is hoped that all local organizations and interested citizens will support the uniform fund and the chorus by sending in their votes stating number nine as their selection, immediately.

During Mr. Harner's interview, he told how the fund was started and has grown. The fund was originated in 1950 by the Woman's Community club of Littlestown and vicinity. Practically every organization in town sponsored a project to raise money for the uniforms, and through their efforts \$2,111 was realized. To this amount the band was able to contribute \$1,400 making a total of \$3,511. As this amount was not sufficient to purchase 70 uniforms at an approximate cost of \$65 each, a house to house canvass was conducted by the members of the Community club. Generous contributions were received as a result of the canvass. However, there's still not enough in the fund to purchase the necessary number of uniforms. The Men's chorus then volunteered to do its bit for the benefit of the school band.

## AT G.S. Rally

Members of the Littlestown Girl Scouts, troop leaders and assistant leaders attended the Juliette Low rally at the Gettysburg high school on Saturday. ## East Berlin

**East Berlin**—Mr. and Mrs. Edward R. Reynolds recently marked the 62nd anniversary of their marriage. An azalea plant was sent them as a gift by their daughter, Mrs. Warren Kellow, Easton.

Mr. Reynolds, a lifetime resident of this section, now past 80, was married to Miss Margaret Richerick, who lived north of town, in York by the Rev. Mr. Fastnacht, Lutheran pastor, in February, 1890. They were the parents of seven children, three of whom are now living. In addition to Mrs. Kellow, there is Mrs. Gettys Lane Montgomery, York, who visited her parents recently with her husband, Mrs. Montgomery has been teaching this term at the Phineas Davis junior high school in York. A son, Richard A. Reynolds, also lives with his family in York.

Women of the National Council of Catholic Women of Paradise Catholic church will be guests of honor at the second annual St. Patrick's Day banquet on March 17, in recognition of their services to the parish since the chapter began more than 14 years ago. The Rev. Francis L. Mignot, administrator, who inaugurated the custom of honoring the NCCW last year, has announced that all parish women are welcome whether or not they have taken active part in work of the organization.

Curtis Butt, elderly resident of Reading township, west of town, is able to be about after spending much of the winter at the West Side Osteopathic hospital, West York, where he submitted to a major operation in February.

Parishioners of Paradise Catholic church will make their annual offering on Sunday, March 9, toward the support of the Indian and negro missions in the United States.

Mrs. Charles A. Hofe and Mrs. Hamilton C. Walker will serve as hostesses at the March meeting of the Ladies' Aid Society of Redeemer's church this evening at 7:30 o'clock in the social hall.

A feature of the Sunday school period at 9:15 a.m. Sunday at Trinity Lutheran church was the showing of a motion picture of the life of St. Paul from the time of his arrest to his imprisonment at Rome.

A visitor here during last week was John McCormick, who spent most of his life as a resident of Paradise Protectors until he recently accepted a position at St. John.

Young people of the Lower Bermdian Lutheran church north of town are rehearsing for an Easter pageant to be presented to the public at their church on Palm Sunday evening.

RUSSIA SENDS  
ALL SUPPLIES  
TO KOREAN WAR

**Tokyo, March 11 (AP)**—How neutral is Russia in the Korean war?

A hitherto secret report in Gen. Matthew B. Ridgway's headquarters asserts:

"The main source of supply for present Chinese Communist forces x x x in Korea x x x is from Soviet furnished materiel."

Although the United Nations command never has announced the capture of Russian soldier, practically all of the equipment now in use by the North Korean army (NKA) and the Chinese Communist forces (CCF) is Russian-made.

So too is the swift jet interceptor plane, the MIG-15, which patrols northwest Korea from Manchurian bases.

## Reveals Secret Report

A staff officer at Gen. Matthew B. Ridgway's headquarters today made available to the Associated Press a hitherto secret report containing a list of captured guns, vehicles and other war machinery which the Soviets have turned over to the North Korean and Chinese Communist armies.

"With the exception of a small amount of Japanese material left over from the Japanese occupation of Korea and Manchuria and material captured from U.N. forces in Korea, the North Korean army has been entirely equipped and, or, reequipped with Soviet materiel," the intelligence report said.

## All Red Materiel

"Recent reports have shown that the main source of supply for present Chinese Communist forces equipping and, or, re-equipping of units in Korea, or earmarked for Korea, is from Soviet furnished materiel."

"This Soviet furnished materiel, for both the NKA and CCF, has included tanks, self-propelled armored artillery, trucks, artillery, AAA guns (anti-aircraft), machineguns and various types of small arms. While some of this ordnance has been manufactured in North Korea, the vast majority has come from either Russia or her satellite countries.

"All of the ordnance materiel listed herein has been captured and positively identified in Korea during present hostilities."

## "MOONSHINING"

## BUSINESS SLOW

**Harrisburg, March 11 (AP)**—Prosperity is driving the "moonshiner" out of business.

That's the opinion voiced by the state Liquor Control Board Monday in disclosing that illicit liquor manufacturing has fallen off about 90 per cent since the depression days of the 1930s.

The figures are based on the number of "moonshine" stills confiscated by liquor enforcement agents. There were 338 stills seized in Pennsylvania in 1937, compared to 39 last year.

"As long as wages are high and employment stays high, it's tough for a 'moonshiner' to get along," said a board spokesman.

## Ohio Leads Nation

Chairman Frederick T. Gelder agreed that increased federal taxes on legal liquor aren't an important factor as long as the average patron of a liquor store is comparatively prosperous. The last tax boost of from \$9 to \$10.50 a gallon in November hardly dented state liquor store sales, the board said.

"Moonshining" hit an all-time low,

worry and concern.

"It is not the chronic alcoholic we are worried about," he said, "but it is the so-called social drinker who has had just enough alcohol in his system to bumbum his senses and impair his judgment."

Speaking at worship services of the Gettysburg Seventh-day Adventist church, Donald A. Roth, regional secretary for eastern Pennsylvania of the American Temperance society, told local members that drunken driving is fast becoming the driving public's chief

"Ultra" protective measures are being taken monthly by state and local city highway experts for maximum safety, but pass over lightly the question of drunken driving," he said. "We must stop it at the core, and that is through an education program for total abstinence."

"Since I have been using Ermotaf Concentrate, I feel much better. I've lost 15 lbs. in the short time I've been taking it, and also feel much better. I'm happy to say that I'll keep on being a faithful Ermotaf user," So writes Chester L. Mohn, 204 S. Tenth St.

Everyone who takes Ermotaf raves about this amazing home recipe that lets you reduce without dieting. It's wonderful! Easy, safe... inexpensive. Bulky fat fades like magic when you follow simple Ermotaf directions. Here's what you do:

Buy a bottle of liquid Ermotaf Concentrate from your druggist. Pour contents into a pint bottle, then add enough unsweetened orange juice to fill bottle. Take two tablespoonsfuls twice a day. That's all. Eat regular, normal meals. No need to buy the high-priced vitamins that rigid diets demand. Be happier at once.

Get Ermotaf, the wonder-reducer that really works, from your druggist today.

If you are not satisfied with your first bottle, return it to the manufacturer and get your money back.

the spokesman added, during World War II when both prosperity and a scarcity of copper, sugar and molasses cut sharply into illicit liquor traffic. Copper is needed for coils in still to distill alcohol. Sugar and molasses are used to ferment alcohol.

The commonwealth, through its system of state stores, is the nation's largest monopoly operator in the alcoholic beverage field although Ohio recently took over first place as a dispenser of hard liquor. Ohio sold 10,474,606 gallons of hard liquor through its state stores in

1951 compared to Pennsylvania's 10,337,883.

## NEW HAMPSHIRE VOTING CLOSELY WATCHED TODAY

Concord, N. H., March 11 (AP)—The nation's first presidential primary election began early today in New Hampshire, bringing thousands of voters to the polls in a contest closely watched by both major political parties and the men they may nominate.

Voters were ready to cast ballots when the doors opened at many of the polling places.

Waterville Valley, a community deep in the mountains, recorded its vote a few moments after midnight. It cast all seven votes for General Dwight D. Eisenhower. It also gave Taft two write-in votes and Stassen one write-in vote for vice president. The town has a population of 10.

### Expect Over 100,000

Close behind Waterville Valley in the balloting was Millsfield which reported these returns: Taft, 4; Stassen, 1; Kefauver, 1; Truman, 1. Eisenhower received no votes. Millsfield has a population of 16.

Political observers expected the vote to go over the 100,000 mark, setting records for many communities. National, and even international, attention was focused on the election. Correspondents from both London and Paris were on the scene.

Major interest focused on the struggle between Gen. Dwight D. Eisenhower and Sen. Robert A. Taft (R-OHIO) on the Republican side.

This is Eisenhower's first appearance in the national political arena. He is in Europe as military head of the North Atlantic treaty organization and has neither appeared nor participated in the maneuvers in New Hampshire.

On the Democratic side, the contest also marked the first efforts by Sen. Estes Kefauver of Tennessee to become his party's standard bearer against President Truman.

### MacArthur On Ballot

The President, after having asked that his name be withdrawn from the election, consented to let it be placed on the ballot. But he did not come to New Hampshire, nor did he campaign actively.

The Taft-Eisenhower and Truman-Kefauver contests dominated the election today.

However, Gen. Douglas MacArthur is represented on the ballot by a slate of delegates who registered for him despite his request that he be withdrawn from the election. And former Gov. Harold E. Stassen is on the Republican preferential section of the ballot but he has no delegates entered for him.

New Hampshire sends 14 representatives to the Republican convention and eight to the Democratic.

## USSR PROPOSES BIG FOUR TALKS

Moscow, March 11 (AP)—The Soviet Union proposed today an immediate Big Four conference to reunite divided Germany and prepare for peace treaty barring the Germans from alliances aimed at any of their World War II enemies.

Western observers in Moscow predicted the United States, Britain and France would turn down the proposal, which included a detailed outline of principles which the Soviets said should be the basis of the peace treaty. The Russians said, however, they would discuss other projects.

(West Germany is one of six governments negotiating to form a European army linked to the Atlantic alliance against communism—an alliance which Russia has insisted is aggressively directed against her.)

Deputy Foreign Minister Andrei Gromyko handed the plan to Big Three diplomats in Moscow last night. It was made public almost immediately, in early morning Soviet broadcasts and the morning editions of Pravda and other papers.

In Washington, the State Department's press officer, Michael McDermott, said early today the text of the note had not been received and there would be no U.S. comment until State Department officials have an opportunity to study it.

Washington, March 11 (AP)—Babies who didn't have a chance are giving some Korean war wounded another chance for a normal life. The tiny bones of still-born or short-lived babies are being used—with parental permission—to help save the hands and feet of wounded men. Navy doctors told a reporter.

Small leg or arms—some of them only a few inches in length—have been found particularly useful in several cases where men had lost parts of bones between fingers and wrist or between the toes and the ankle.

Indiantown, Gap, Pa., March 11 (AP)—The court martial of Capt. Kemper P. Muench, Drexel Hill, scheduled for today has been postponed until March 20. Muench is charged with conduct unbecoming an officer.

The judge advocate's office at the military reservation here gave no reason for the postponement which it announced yesterday. The new date is tentative. Muench was found guilty before a court martial at Cincinnati, O., on two charges involving his permitting brutality by military police and borrowing \$740 from enlisted men.

of the high school land north of the present building and to engage an engineering firm, or architect to make a survey to determine whether a new elementary school can be built on the land extending up to South Stratton street and Wall street. A bid to do the work for \$500 from an architect was received, but the planning committee was asked to secure bids from other architects. A committee comprising Donald Weikert, chairman, Mrs. Sydney J. Poppay, Mrs. Letitia J. Hartman, and Daniel J. Wolff was appointed to determine what additional cafeteria equipment is needed and what should be replaced. Board President Dr. Ralph D. Wickerham said, "We are operating the cafeteria with the equipment we had in the basement which was designed to feed only half the youngsters we are feeding now."

### Cafeteria Complaints

Appointment of the committee led to a discussion of complaints by youngsters that the "food isn't the kind we want." Mrs. Hartman said she had received numerous complaints about the food. This led to a general discussion in which some said they had heard excellent reports on the food, others said they had heard bad reports. Board members will visit the cafeteria from time to time to ascertain for themselves the quality of the food.

A contract was signed to pay the Hoffman orphanage \$1,500 per year for use of the school there. Donald Weikert reported a survey showed 65 valves will be needed to provide automatic valves for radiators in the old section of the school.

Bills totalling \$8,500 were approved. The report of the treasurer showed income of \$23,994.81 during February and expenditures of \$23,533.03 leaving a balance of \$461.78.

### Athletic Fund Report

The athletic fund report showed income of \$325.80 during the month and expenditures of \$775.45, leaving a balance of \$915.83. The Gettysburg high school activities fund report showed deposits of \$2,162.12 and withdrawals of \$2,031.25 and a balance of \$9,672.25. The cafeteria fund showed income of \$2,725.26 and expenditures of \$2,383.28 leaving a balance of \$419.18.

Doctor Kefauver reported that insurance on the school buildings in Gettysburg have been re-written with the high school coverage increased to \$50,000 on the building and \$8,000 on the contents. The elementary school insurance of \$212,000 remained the same. The insurance, pro rated among local insurance agents, is so divided that approximately the same amount will come due each year, Kefauver said.

Mid-week Lenten services will be held in the various churches of the community on Wednesday evening at 7:30 o'clock. Robert B. DeGroot, a student in the Lutheran Theological seminary at Gettysburg, and a member of St. Paul's Lutheran church, will deliver the message at St. Paul's Senior choir rehearsals will follow the service. The Rev. David S. Kammerer is pastor.

The Rev. Frank E. Reynolds, pastor of Redeemer's church, will continue his series of discourses, choosing his text from Acts. Senior choir rehearsal will be held immediately following the service.

"On Being in Earnest" is the topic for the sermon at St. John's Lutheran church, the Rev. William C. Karns, pastor.

Devotions in St. Aloysius Catholic church will consist of rosary, instruction and Benediction of the Blessed Sacrament, in charge of the pastor, the Rev. Edward J. Shanahan.

Distribution of Congressional districts is made every ten years when the Federal Census is taken.

The party spent the night in a tent improvised of parachutes to await the bulldozer and load Thomas' body onto the sled for removal to Presque Isle Air Force base.

One of the paratroopers, Staff Sgt. Lynn A. Burke of Torrance, Calif., sprained his ankle on landing. He and Tech. Sgt. Joseph Yrska of Danby, Vt., leaped from an Albatross search plane that located the wrecked F-86 fighter.

The scene, in hilly, forested wilderness, is about 60 miles southwest of Presque Isle, where Thomas' widow and two children live.

Frank E. Basehoar, administrative assistant in the Littlestown Junior Senior high school and president of the Adams county branch of the Pennsylvania State Education Association, attended the second southern convention district conference on teachers education and professional standards held on Friday at the Hershey Community building at Hershey. The theme of the conference, sponsored by the southern convention district of the Pennsylvania State Education Association, was "Probing Professional Problems."

ing at St. Paul's Lutheran church for their appearance at the Jacksonsville Evangelical United Brethren church at Walnut Bottom where they will present a concert on Sunday, March 23, at 7:30 p.m.

The chorus also has an engagement at Shippensburg State Teachers' college in Memorial auditorium Sunday, April 20. The Christian Inter-Faith association, of which James Motter is vice president and program chairman, is the sponsoring organization. Mr. Motter is a former member of the chorus and it is planned to have him appear with them on the program.

**Max Reorganize Cubs**

The officials of Littlestown Cub Pack 84 have announced that no more cubs will be accepted for the next few weeks. The pack already has more members than can be supervised adequately under the present arrangement. A reorganization of the pack is under consideration and until that time, the leaders will be unable to accept any more boys.

The theme for study during March is "Jungles" and the March pack meeting will be held on Thursday, March 27. Awards will also be presented at that time to those cubs who have earned them. A hike will be included in the future activities of the pack.

The March meeting of the Littlestown Fish and Game association will be held on Wednesday evening at 8:15 o'clock instead of 7:30 p.m., the usual meeting hour, in the clubhouse at the Fish and Game farm in Germany township. The social committee for the meeting is composed of Raymond Reed, Edward H. Leister and William Wherley.

"Community Service" is the theme for the March meeting of the Ladies auxiliary of the Ocker Snyder Post No. 321, American Legion, which will be held Wednesday evening at 8:30 o'clock in the post home. Mrs. Albert H. Miller, Jr., Mrs. Garlan Gillespie and Mrs. Plus Pautenis comprise the hostess committee.

**SUPERIOR COURT**

(Continued from Page 1)  
the writ denial to the Superior court on the grounds that the second sentence was entered outside the term of the first sentence in violation of the law. He also averred that Judge Sheely had no right to increase the length of the original prison term. Laughman contended in his brief to the court that the first sentence was imposed in the November term and the second in the January term.

Teeter took issue with this contention however. He said Judge Sheely imposed the first sentence in the November term and the second sentence in the same term. He added that the second sentence, imposed January 15, was still in the November term, since the January court term did not begin until January 22, 1951.

**Was In Same Term**

"The case was clearly within the term," Teeter told the court. "I believe the petitioner is ill-advised as to when a term begins and ends."

Teeter added that since the second sentence was imposed within the November term, the judge had the authority to increase Laughman's sentence.

Lauhman was not represented at the hearing. He pleaded his case in absence through a brief submitted to the court.

The court took the case under consideration.

**RICHARD DREAS**

(Continued from Page 1)  
R. Bigham and I. Z. Musselman were welcomed back from Florida at the regular meeting by President Wolff. Fifty-eight attended the session. Vice President Richard Dreas introduced the speaker, Dr. Milton Stokes, professor of economics at Gettysburg college.

"Canada is in excellent financial condition at the present time," Doctor Stokes told the Rotarians.

"The average income of a family of four in Canada is \$4,000 compared to \$3,400 in the United States; the cost of living is about five percent lower in Canada; it has lower income taxes yet has had a balanced budget with a surplus for the past several years and is rapidly paying off the \$11,000,000 national debt and expects within a few years, if conditions continue as they are today, to have the entire national debt paid off," Doctor Stokes said.

**Good Finances**

"Proof of the stable financial condition of Canada is shown in the fact that its dollar is now on par with, or a penny above the U. S. dollar and that the biggest spenders in Florida this year are Canadians. On one morning here in Gettysburg recently, a local man counted 23 Ontario cars while he was walking to a restaurant for breakfast," Doctor Stokes said. All controls on prices and the taking of money out of the country have been dropped, he added.

"The American Revolution made Canada English," Doctor Stokes said. "When the Tories left the American colonies they settled in Canada and through their influence and strength make Canada more English than French."

He described the political organization of Canada, its resources, size and population.
